Dear James,

Thank you so much for your very kind donation of £600.00 to St Catherine's Hospice from the Plymouth Brethren Christian Church. This is such a generous donation from yourselves and we are very thankful for this gift.

With only 30% government funding, this year we need to raise £5.5m through voluntary income in order to keep providing our services to local people and their families, friends and carers completely free of charge. This will only be possible with the ongoing generosity of supporters like yourselves and we are so thankful for your support.

It was fantastic that the choir came in to sing in the hospice and the patients and staff really enjoyed listening to the music. The gifts that you left for the patients were well received so thank you.

We are always very grateful for the support of our local choirs and if you would like to be involved in other events that we have at the Hospice, including our Gatwick Appeal in December then please don't hesitate to contact me.

Thank you once again for your kind gift.

Yours sincerely,

Gabi Field
